Once we have received the completed form we will contact you in 7 to 10 days to arrange a home check and for you to sign the foster agreement. As with any rescue we cannot promise a specific dog to you to foster but will always do our best to place the dogs with the right foster family for them. Filling in this form does not constitute a legally binding agreement and you are under no obligation should you change your mind. We never ask our volunteers to do more than they are willing to do.
